2010 REGULAR SESSION REPORT

As your elected state representative, I am committed to the widening of I-12 for improved traffic flow and safety in Livingston Parish. Last year \$100 million was appropriated by the state Legislature to widen and upgrade I-12 from Oneal Lane to Denham Springs. Since that time an additional \$10 million was appropriated for a new overpass at Oneal Lane. This year an additional \$36 million was secured to continue the widening of I-12 from Denham Springs to Juban Road. During this legislative session an additional \$48 million was obtained to continue the widening of I-12 from Juban Road to Walker. This brings the total to \$194 million secured to widen and improve I-12 from Oneal Lane to Walker.

This is a major accomplishment for our growing community and will improve safety and help ease congestion for local citizens and through traffic. This improved highway work will also be attractive to business development in Livingston Parish.

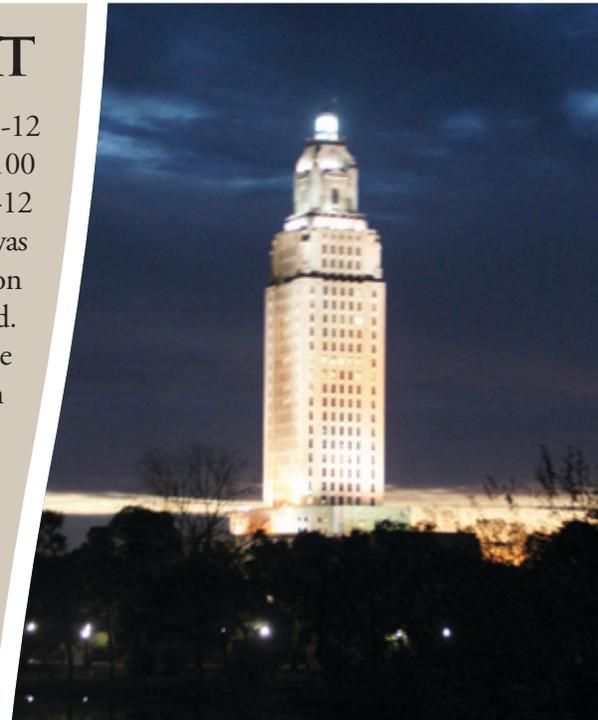

For the second year, the 2010 Legislative Session required legislators to make decisions with less money due to the economy and declining revenues. Government should operate like our personal budgets and reduce spending when revenues are down and expected to be down in future years.

During the 2010 Legislative Session we passed important legislation that repealed the driver's license increase fee. We passed legislation to strengthen Domestic Abuse Laws and Sex Offenders Laws, stronger DWI laws, and strengthened laws to protect our children from sexual predators and improved child support laws; we recognized the importance of our Military personnel and provided increased benefits for veterans with disabilities.

It is an honor to serve as your elected state representative in the State Legislature for Livingston Parish. And I welcome your comments and recommendations as we work together to improve Livingston Parish and Louisiana. Please send us your e-mail address to poper@legis.state.la.us so we may correspond on important issues that come before the legislature.

Sincerely Yours,

Rep. J. Rogers Pope
